

Planetary gear

# IMS.42 Pro IMS.42 Pro LN

Our planetary gear from the Pro Series with outer diameter 42 mm combines performance with robustness. Due to easy adaptations of the configuration all Pro gears are also available in Low Noise (LN) design.

## Low Noise (LN)

Due to the use of helical gearing in the first stage available as Low Noise variant.

## Performance

Powerful, long-lived and robust - the planetary gear convinces in a multitude of applications.

## Temperature

Also ideally suited for demanding temperature ranges from -30° to +120°C.
